Foreword

This resource guide is for the “Heroes” and “Sheroes” in our community: moms and dads, caregivers, grandparents, and all the others who help care for our children. Every child is special and unique, and needs the helping hands and loving arms of the community.

Many people touch the lives of our children, supporting families as we guide and provide for our children. Some of those significant organizations, agencies, and people are listed in this Guide. My hope is that this will make it easier to reach the resources that provide what our children need. The Guide is even printed in larger letters to make it easier when you’re searching for help. Please let me encourage you to take advantage of the agencies that provide respite care and the parent support groups. Parenting a child with disabilities different abilities is an amazing job, and it’s hard work. Take time for yourself when you can!

I would like to thank all the people who have contributed to this Resource Guide, with a special shout out to Rose Pastrano, Facilitator, Community and Parent Outreach with the Special Education Dept at SAISD and Dr Theresa Gill, Director Dept Special Education Services at JISD who gave me the vision for a useful guide for families.

It would be a great help if you would please let me know of any additions or changes – just call at (210) 619 – 0365 or email me at swright101@judsonisd.org.
