The chart above illustrates the following state objectives.

Percentage of Classes Taught by HQ Teachers: The data in the second column illustrates the comparison of the state's annual targets to the percentage of HQ teachers in Judson ISD

Percentage of HQ Teachers (State Aggregate): The data represented in the third column is not divided by classes. It is JISD's overall teacher HQ status.

Percentage of HQ Teachers receiving high quality professional development: JISD continually provides our teachers with high-quality professional development. The data represented in the fourth column shows that JISD has never failed to meet the state target with respect to providing high-quality professional development.
